VOL. XXXXIX: NO. 45 REDWOOD CITY, CAL., SATURDAY, FEBRUARY 22, 1908. ESTABLISHED, 1859.

Buy in the Beautiful Gray Tract

One of the best subdivisions in San Mateo County. No adobe; the finest of soil—loam and gravel; beautiful oak trees, and situated on the Woodside road. This road is soon to be made into a beautiful boulevard. NOW is the time to buy. Only a few blocks from the new electric line. Don't let all outsiders come here and buy up the best. These lots are all 50x109 feet; no 25-feet frontage here. I want you to call at the office and I will show you what these lots are, and I would like to see our own people get in on the ground floor—not all strangers. About forty of these lots have been placed on the market for $250 each; 10 per cent cash, remaining payments to suit purchaser.

SO DECEPTIVE

Many Redwood People Fail to Realize the Seriousness

Backache is so deceptive.

It comes and goes—keeps you guessing.

Learn the cause—then cure it.

Nine times out of ten it comes from the kidneys.

That's why Doan's Kidney Pills cure it.

Cure every kidney ill from backache to diabetes.

Here's a Redwood City case to prove it:

R. W. Hanthorn, living at 210 Second street, Redwood City, Cal., says: "My wife complained a good deal of the time from pains across her loins and always suffered more severely when standing on her feet. When at the sewing machine she would be forced to be in a stooped over position and the bending seemed to aggravate the trouble. She also suffered from a too frequent action of the kidney secretions which gave her a great deal of annoynace. Doan's Kidney Pills having been brought to her attention, she procured a box at P. A. Ryan's Drug Store. They were very prompt in giving her relif, she continued taking them, and the kidneys were restored to their proper condition, she is not annoyed by backaches and that tired languid feeling has disappeared. A medicine that will act up to its representations as Doan's Kidney Pills did in Mrs. Hanthorn's case is worthy of recommendation."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the nme—Doan's and take no other.

E. O'KEEFE.......EDITOR AND PROPRIETOR

Curry to O'Keefe

Mr. James T. O'Keefe,
Dear Sir:

If you consider your long-delayed letter an answer to my open letter of Feb. 7, it shows me plainly that your first thought of not replying would have served you much better than to reply as you did and miss the point altogether. You admitted before the board of supervisors that you were a paid attorney of a saloon and you say in your letter that it is none of my business, if in your professional capacity you defend saloons and yet you try to say that your effort before the board of supervisors was in defense of the respectable character of Menlo Park and against the rowdyism of Stanford students. Menlo would be O. K. if it were not for its saloons. Rodyism and crime are the fruits of the saloon. Destroy the source and thus free yourselves of these evils.

You say "Begin where the evil begins." The saloon is the fountain source of murder, suicide, divorce, and is the producer of a constant crop of widows and orphans. It produces more than half of the violent crimes in civilized communities. It shows a grist of victims daily crushed beneath car wheels, the same route so many of your Menlo victims have gone. For every dollar ever paid to the county by San Mateo county saloons three dollars have been paid by the county for the criminal expenses and pauperism thus produced.

For every saloon in your county a violent death of some kind has occurred. The best temperance lesson ever taught to California was the closing of the saloons of San Francisco just after the earthquake when crimes of violence were practically wiped out. You know, every voter knows, that crimes of violence come from saloon sources. We, the people, are fools to spend $3.00 to get $1.00 and besides have in our midst the chaos and crimes that are bred by liquor. The paid attorney of saloon interests is particeps criminis, but he does not owe me any apology that he dose not owe to everyone of his fellow citizens.

Between the time of your defense before the supervisors on the 3rd, and your letter of the 15th, your so-called orderly saloons of Menlo Park furnished the booze for three tragedies. Your saloons and their paid attorney should be debited with this loss of the state and so they are and so you are whether you can see it or not. Your answer was full of ridicule of Kansas and implied criticism of myself. This is entirely aside from the subject. You said that Senator Stanford founded Stanford University in Christian charity. So he did, and offered Mayfield the opportunity of being the town of Stanford University if it would close its saloons. Doubtless Menlo could have had the same opportunity but they have chosen the worse part and Palo Alto has had the opportunity which Senator Stanford meant in proper Christian charity for the immediate environment of Stanford University.

I have no spite against Menlo Redwood or San Mateo county. I have had property interests in San Mateo county about all the time since I left Redwood. I left it nine years ago under conditions perfectly honorable to myself and so ninety-nine per cent of the people of Redwood believe. I am satisfied to leave a position with a salary of less than $100 per month and maintain for nine years myself in my own business with an income of several hundred dollars per month. I am satisfied with my change of circumstances even though you think I have nothnig to do but attend to my second-hand furniture business which I consider an honorable business. If you were better informed you would know that my stock has for five years contained more new furniture than any other furniture store between San Francisco and San Jose.

Your Shaksperian quotation can not apply to me any more than your prayers or curses. I am sure they can't go higher than your low vaulted dome as long as you defend the saloons and present conditions of Menlo Park as a proper environment for Catholic schools and Stanford University. Saloon keeper, bar tender, owner of saloon property and their legal defenders all stand on the same level. The community that tolerates them is not far above that level.

About half the area of the United States has become dry lately and the balance is becoming dry as rapidly as public sentiment can be crystalized. Menlo will be dry as soon as it knows itself and its duties to its fellow men. My reputation for truth and veracity can not be assaulted by Jas. T. O'Keefe, who admits himself to be the paid attorney of saloon interests.

Masquerade Nonight

Hose Company No. 3, R. F. D., will hold its annual masquerade ball in the Alhambra to-night. To say that the dance will be a success is putting it mildly. For the past three months the members of the committee of arrangements have been at work on the affair and have spared neither time nor money in their efforts to make it a success. The best orchestra obtainable will discourse sweet music, and all who will may trip the light fantastic to their heart's content.

Every one in Redwood City should turn out and show their appreciation of the work of the fire laddies, and if they don't care to go in mask they should attend as spectators. Such pains as have been taken should be well rewarded.

Just a word to the men: if you haven't a sister of your own, take some other fellow's; if your wife doesn't care to go, take some other fellow's. Be sure to go. If you haven't car-fare, walk there; but be sure you have a ticket whether you go or not.

Arrest Offenders, Says Company

At the meeting of the Board of Town Trustees Monday evening, the following communication, addressed to City Attorney Kincaid and received from W. A. McGovern, superintendent coast division, Southern Pacific Company was read:

San Francisco, February 10, 1908.—Mr. A. Kincaid, City Attorney, Redwood City, Cal.—Dear Sir: I find your letter of the 5th inst. advising that it is a practice of our train employes on freight trains to obstruct street crossings in violation of a city ordinance of Redwood. I very much regret that this condition exists and wish to assure you that we have issued very positive instructions to our train employes that street crossings must not be blocked. I would like to suggest that this matter can be best remedied by the authorities of Redwood insisting upon the laws and ordinances being obeyed. It rests entirely in the hands of your city officers. If our employes deliberately disobey instructions and violate laws and ordinances of your city it is clearly the duty of the city authorities to place the guilty parties under arrest and punish them, and we should certainly offer no objections to this being done. It is our desire that train employes obey the law. If they fail to do so they should be punished for it the same as any other offender. Yours truly, W. A. McGOVERN.

Paderenski at Stanford

Of the seventy-five appearances which Paderewski will make while on his present tour of America Stanford is indeed fortunate in being able to secure one of these dates. San Francisco could do no better and must be content with one Sunday afternoon matinee.

Paredewski has spent the last year at his home in Switzerland composing and practicing his scales six hours a day, and is now about to give the world a new opera.

If his present plans are carried out he will have completed a tour of South America, South Africa and Europe before it will be possible for him to return to America, which cannot happen again before 1912 or 1913.

Tickets will be on sale Thursday morning at Ryans drug store. Prices $1, $1.50, $2.00 $2.50 and$3.00. Those who attended the Kuberlick Recital and remember the difficulty in securing desirable seats will buy early.

The "Coaster" will bring you home.

SUPERVISORS HOLD MEETING

Dr. Rupert Blue, U.S.A., Addresses Board

BUBONIC PLAGUE HIS SUBJECT

Burlingame Incorporation Matter Laid Over; Will Come Up Again Monday

The supervisors met in regular session Monday. All the members were present.

A petition was read from the San Pedro Land and Dairy Company asking for the refunding to it the sum of $ 87.15 paid the Tax Collector on an erroneous assessment. The company claimed it owned no property on March 1st, 1907. Assessor Hayward explained that he personally examined the property and was told the cattle belonged to the company. He hada lways assessed them to that Company. The matter was referred to the assessor for him to determine the ownership of cattle.

The following communication was received from the State Board of Health and same was ordered accepted and filed

Sacramento, Cal., February 4, 1908.
To the County Clerk,
Redwood City, Cal.
Dear Sir:

The State Board of Health at its meeting February 1st passed the following resolution:

THAT the Secretary be instructed to arrange a conference at an early date of the Officers of the Marine Hospital Service, State Board of Health, Citizens Health Committee, and local Boards of Health, Boards of Supervisors and Trustees of the Bay Counties and all Counties in water connection therewith: and

THAT the Officers of the Marine Hospital Service be requested to address the conference and instruct in the methods and importance of Plague eradication and in as far as possible afford them object lessons in the actual work of eradication; and

THAT the Secretary urge upon this conference the absolute necessity of providing in the next tax levy for sufficient funds to carry this work to a successful conclusion.

Unless active measures be taken, the plague, which has become firmly seated in the State, will break out with renewed violence in the spring, as the rat infection is extending. This will be to the great detriment of the State, not only in the loss of life but in the great loss of commerce, and the probability that the Naval Fleet might not be allowed to stop in San Francisco.

In accordance with the above resolution arrangements have been made to hold a meeting in the rooms of the Chamber of Commerce, 13th floor of theM erchants Exchange Building, California and Sansome Sts., San Francisco, at 10:30 a. m. and 1:30 p. m. February 13th, 1908.

Experts will be present to instruct and advise as to the best means of prevention and suppression, and model ordinances will be submitted looking to the complete eradication of the disease. Your Board is invited and urged to be present in a body and take part in the discussion, for it means much to the State, even to prevention of a quarantine by other States.

Yours very truly,
H. K. Foster,
Secretary.
perB.

P. S. TheC lerk is requested, in case the Board does not meet before to notify each member of the meeting. N. K. F.

An invitation was received from J. A. Filcher inviting the board to attend a meeting of the members of the Coast Central Committee, together with the supervisors of those counties, to be held at Santa Cruz on Feby. 22. At the meeting matters concerning the A laska-Youcon Exposition will be discussed The out line of exhibits will be prepared The Southern Pacific Company will give half rates on that day.

On motion of Eikerenkotter seconded by MacBain ordinance No. 220, dividing the County into Election precincts and establishing the boundaries thereof, was passed and adopted. The number of precincts have been increased from 28 to 32. The four new ones are in the First Township.

County Entomologist J. S. Hunter, requested a map so that he might locate the tide and orchard lands of the county. His request was granted and the clerk was instructed to give him a map. Paul Pinckney, on behalf of the San Mateo Board of Trade, asked for a map and his request was granted.

The petition for the incorporation of the town of Burlingame set for this day was brought up by Attorney C. N. Kirkbride. He explained that he represented the petitioners who had established certain boundary lines, but that was a matter for the board to decide. The petitioners would be satisfied with whatever lines the supervisors may see fit to fix. Chairman Coleman did not approve of the boundary lines. He suggested that all parties concerned might meet and decide upon some lines that would be satisfactory to all concerned. John E. Bennett opposed the boundary lines as outlined in the petition. He represented the Burlingame Club and that institution did not want to be included in the proposed corporation. Ross & Ross also were present and appeared for certain property owners protesting against the boundary lines. After considerable discussion the matter went over until next Manday.

Dr. Rupert Blue, a U. S. Army surgeon sent to San Francisco to check the bubonic plegue appeared before the board. He said:

"I do not desire to appear as an alarmist, but it must be stated that the bubonic plague has got a firm foothold in San Francisco and Oakland, and unless measures are promptly taken to prevent its advance, it will soon make its presence felt in this county. The principal medium of transmission is through infected food, clothing, swill, horse refuse and manure of other animals. At present the weather is too cold for fleas, but as soon as the warm weather commences the danger of infection from them will increase alarmingly.

"A crusade should be promptly begun on the lines laid down by the cities of San Francisco and Oakland, for the extermination of rats and ground squirrels, the latter having been found infected in counties on the opposite side of the bay.

"Means should also be taken to have the ground floors of all cellars and basements made of concrete in all old as new buildings, all refuse should be put in rat proof receptacles and stables should have their floors of concrete, and manure placed in bins of metal.

"All sailing vessels should be inspected and when found infested with rats or vermin, fumigated.

"But above all a campaign of education should be instituted and every person in the county informed of the danger threatening him and instructed in the manner of prevention. A bounty on rats and ground squirrels should be offered, and the people enlisted in the war of extermination. The health officer of the county should be allowed to employ men where needed as agents, in charge of the crusade and to receive the dead animals and destroy them

"Every measure should be taken advantage of to prevent rats from securing food and thus reduce them to hunger and compel them to eat the poisoned food which should be prepared for them.

"The danger is not theoretical, but practical and action must be immediiately taken to eliminate it, or a great number of human lives will be lost. The proper time to take the matter up is now before the disease gains a foothold here."

The county Health Officer, Dr. Plymire said he had been studying the situation closely and was certain that San Mateo County was worse off than all the Bay Counties in as much as was at the door of San Francisco and the plegue could easily spread. He suggested that inspectors be placed in different parts of the county to kill rats and ground squirrels as they are the agencies that spread the disease. Chairman Coleman said the question was a serious one and the board should give all assistance possible. MacBain suggested that an ordinance be adopted giving the Health Officer legal authority to compel people to put garbage in zinc vessels and use sanitary measures necessary for the elimination of the plague should if it appear.

District Attorney Bullock offered the suggestion that the Health Officer be given all help possible. He should be given a force of men to look out for sanitary conditions of the county.

MacBain would be pleased to give the health officer a few men, but would oppose delegating the powers of the board to any one.

Dr. Plymire said he had mapped out a plan of campaign and would only require two men for the present.

The District Attorney was authorized to prepare an ordinance similar to the one recently adopted by the Supervisors of San Francisco.

A bounty of 10 cents will given for rats and 10 cents for ground squirrels.

Fred Chilcoot presented the road indexes to the roads of the county, and the same were accepted on motion of MacBain seconded by Debenedetti.

On motion of Eikerenkotter seconded by Blackburn the compensation of the County Entomologist J. S. Hunter was fixed at $25 per month, from January 1.
